President's Message

The Fulton High School Alumni Association has been around since 1994 helping Fulton High School students and staff in any way we can. Our goal is, and always has been, to support Fulton High School students, whenever we can, through scholarships or other financial support. We need some help to continue our support. We have had some very involved alumni volunteers to help us continue to be able to do this. Unfortunately, over the years our volunteers numbers have decreased. We are down to a bare minimum and to be able to continue we need some help. I am asking for you to help us continue our work of supporting Fulton High School by joining us at our meetings and helping us in making decisions on helping in any way we can. We meet once a month for one hour. Just send your email to fhsalumni@hughes.net to receive notices of the meeting times and dates. We also are in need of funds to continue our work. Our funds have continually been dwindling. If you can contribute to this please submit to FHS Alumni Association, P.O. Box 27431, Knoxville, Tennessee 37927-7431

Thank You,

Ronnie Collins

The Fulton High School Alumni Association has been helping Fulton students to reach their dreams since 1994 when we gave out our very first scholarship. The only way we can continue is with the help of Fulton Alumni, Businesses, Organizations and the many friends that have supported us through the years. We are asking for our Alumni to step up once again and come to our meeting and share your opinions on how we can continue. Without new Fulton Alumni to take our place we will eventually have to shut down the organization. All we ask is for one hour of your time a month. If you are interested please contact a board member by emailing us at fhsalumni@hughes.net.
